PUBLISHED QUARTERLY AT DURHAM, N. C.
BY THE
ECOLOGICAL SOCIETY OF AMERICA
AND THE
DUKE UNIVERSITY PRESS

ECOLOGY

A QUARTERLY JOURNAL

DEVOTED TO ALL PHASES OF ECOLOGICAL BIOLOGY

Established 1920

Editors: W. D. Billings (Botany), Duke University.
Edward S. Deevey, Jr. (Zoölogy), Yale University.

Review Editor: LaMont C. Cole, Cornell University.

Business Manager: H. J. Oosting, Duke University.

Circulation Office: Duke University Press, Box 6697, College Station, Durham, N. C.

MEMBERS OF THE EDITORIAL BOARD:

1953-55

Charles M. Bogert, Department of Amphibians and Reptiles, American Museum of Natural History, Central Park West at 79th St., New York 24, N. Y.

David Chandler, Department of Zoology, University of Michigan, Ann Arbor, Michigan.

Joseph H. Robertson, Department of Range Management, University of Nevada, Reno, Nevada.

Jacob Verduin, Department of Biology, Bowling Green State University, Bowling Green, Ohio.

1954-56

R. Daubenmire, Department of Botany, State College of Washington, Pullman, Washington.

R. W. Pennak, Department of Biology, University of Colorado, Boulder, Colorado.

J. P. Scott, Jackson Memorial Laboratory, Box 78, Bar Harbor, Maine.

Royal E. Shanks, Department of Botany, University of Tennessee, Knoxville, Tennessee.

1955-57

John E. Cantlon, Department of Botany and Plant Pathology, Michigan State College, East Lansing, Michigan.

Nicholas E. Collias, Department of Biology, Illinois College, Jacksonville, Illinois.

Grant Cottam, Department of Botany, University of Wisconsin, Madison, Wisconsin.

David E. Davis, School of Hygiene and Public Health, Johns Hopkins University, Baltimore, Maryland.

Cornelius H. Muller, Department of Biology, Santa Barbara College, University of California, Goleta, California.

Frederick E. Smith, Department of Zoology, University of Michigan, Ann Arbor, Michigan.

Ex officio members: H. J. Oosting, Duke University, Durham, North Carolina, and W. J. Hamilton, Jr., Cornell University, Ithaca, N. Y. (the editors of Ecological Monographs).

Correspondence concerning editorial matters should be addressed to the appropriate Editor at the address given in the inside first cover. Effective October 15, 1955, books and papers for review should be sent to the new Review Editor, Dr. R. H. Whittaker, Department of Biology, Brooklyn College, Brooklyn 10, New York.

Subscription price, $7.50 net a year for complete volumes (January-October); parts of volumes are to be had only at the single copy rate. Single copies, $2.00 post free. Back volumes, as available, $8.00 each.

Missing numbers will be supplied free when lost in the mails if written notice is received within one month of the date of issue of the next succeeding number.

Remittances for subscriptions should be made payable to Duke University Press.

Remittances for dues should be made payable to the Ecological Society of America.

Business correspondence, including subscriptions, change of address, back numbers, and discontinuances, should be addressed to Circulation Office, Duke University Press, Box 6697, College Station, Durham, N. C. Correspondence regarding payment of dues in the Ecological Society should be addressed to the Treasurer, Alexander C. Hodson, Department of Entomology, University of Minnesota, St. Paul, Minnesota.

Entered as Second Class Matter at the Post Office at Durham, North Carolina

TABLE OF CONTENTS, VOLUME 36, 1955

WEISEL, GEORGE F. Variations in the number of fin rays of two cyprinid fishes correlated with natural water temperatures ... 1– 6

RICE, ELROY L., AND RALPH W. KELTING. The species-area curve ... 7– 11

ELLIS, LESLIE L., JR. A study of the ectoparasites of certain mammals in Oklahoma ... 12– 18

WILDE, S. A., AND A. L. LEAF. The relationship between the degree of soil podzolization and the composition of ground cover vegetation ... 19– 22

BEECHER, WILLIAM J. Late-Pleistocene isolation in salt-marsh sparrows ... 23– 28

CAMPBELL, ROBERT S. Vegetational changes and management in the cutover longleaf pine-slash pine area of the Gulf Coast ... 29– 34

DOBZHANSKY, THEODOSIUS, AND ANTONIO BRITO DA CUNHA. Differentiation of nutritional preferences in Brazilian species of Drosophila ... 34– 39

DEWITT, ROBERT M. The ecology and life history of the pond snail *Physa gyrina* ... 40– 44

HALE, MASON E., JR. Phytosociology of corticolous cryptogams in the upland forests of southern Wisconsin ... 45– 63

LEJEUNE, R. R., W. H. FELL, AND D. P. BURBIDGE. The effect of flooding on development and survival of the larch sawfly *Pristiphora erichsonii* (Tenthredinidae) ... 63– 70

EVANKO, ANTHONY B., AND ROALD A. PETERSON. Comparisons of protected and grazed mountain rangelands in southwestern Montana ... 71– 82

SOLEM, ALAN. Studies on *Mesodon ferrissi* (Gastropoda, Pulmonata). I. General ecology and biometric analysis ... 83– 89

BEARD, J. S. The classification of tropical American vegetation-types ... 89–100

THORSON, THOMAS B. The relationship of water economy to terrestrialism in amphibians ... 100–116

GORHAM, EVILLE. Titus Smith, a pioneer of plant ecology in North America ... 116–123

COOKE, WM. BRIDGE. Subalpine fungi and snowbanks ... 124–130

EGGLER, WILLIS A. Radial growth in nine species of trees in southern Louisiana ... 130–136

LIVINGSTONE, D. A. A lightweight piston sampler for lake deposits ... 137–139

VALLENTYNE, J. R. A modification of the Livingstone piston sampler for lake deposits ... 139–141

KOSTER, WILLIAM J. Outline for an ecological life history study of a fish ... 141–153

BURLA, H. The order of attraction of Drosophila species to cut palm trees ... 153–155

BEESON, KENNETH C., VICTOR A. LAZAR, AND STEPHEN G. BOYCE. Some plant accumulators of the micronutrient elements ... 155–156

CHAPMAN, JOHN A., JOHN I. ROMER, AND JOHN STARK. Ladybird beetles and army cutworm adults as food for grizzly bears in Montana ... 156–158

JACKSON, L. W. R., AND REX S. HARPER. Relation of light intensity to basal area of shortleaf pine stands in Georgia ... 158–159

DEXTER, RALPH W. Fouling organisms attached to the American lobster in Connecticut waters ... 159–160

POTZGER, J. E. A borer for sampling in permafrost ... 161

FREMLING, CALVIN, AND ALLAN GASTFRIEND. Seasonal abundance of the tick *Dermacentor parumapertus* ... 162–163

ROY, HIMANSU KUMAR. Plankton ecology of the River Hooghly at Palta, West Bengal ... 169–175

MOORE, WALTER G. The life history of the spiny-tailed fairy shrimp in Louisiana ... 176–184

HEUSSER, CALVIN J. Pollen profiles from Prince William Sound and Southeastern Kenai Peninsula, Alaska ... 185–202

UTIDA, SYUNRO. Fluctuations in the interacting populations of host and parasite in relation to the biotic potential of the host ... 202–206

ANDERSON, LEWIS E., AND PHILIPPE F. BOURDEAU. Water relations in two species of terrestrial mosses ... 206–212

SOUTHWICK, CHARLES H. The population dynamics of confined house mice supplied with unlimited food ... 212–225
SCHULTZ, A. M., J. L. LAUNCHBAUGH, AND H. H. BISWELL. Relationship between grass density and brush seedling survival ... 226–238
BRITT, N. WILSON. Stratification in western Lake Erie in summer of 1953: effects on the Hexagenia (Ephemeroptera) population ... 239–244
HORTON, J. S., AND C. J. KRAEBEL. Development of vegetation after fire in the chamise chaparral of southern California ... 244–262
HOWARD, ROBERT STEARNS. The biology of the grain beetle *Tenebrio molitor* with particular reference to its behavior ... 262–269
HANSON, HERBERT C. Characteristics of the *Stipa comata-Bouteloua gracilis-Bouteloua curtipendula* association of northern Colorado ... 269–280
HOWARD, ROBERT STEARNS. The occurrence of fighting behavior in the grain beetle *Tenebrio molitor* with the possible formation of a dominance hierarchy ... 281–285
FARNSWORTH, C. E. Observations of stem elongation in certain trees in the western Adirondacks ... 285–292
HODGSON, EDWARD S. An ecological study of the behavior of the leaf-cutting ant *Atta cephalotes* ... 293–304
HAMILTON, K. C., AND K. P. BUCHHOLTZ. Effects of rhizomes of quackgrass (*Agropyron repens*) and shading on the seedling development of weedy species ... 304–308
ROSINE, WILLARD N. The distribution of invertebrates on submerged aquatic plant surfaces in Muskee Lake, Colorado ... 308–314
RICE, E. L., AND WM. T. PENFOUND. An evaluation of the variable-radius and paired-tree methods in the blackjack-post oak forest ... 315–320
SCOTT, DONALD C. Activity patterns of perch, *Perca flavescens,* in Rondeau Bay of Lake Erie ... 320–327
SHOTWELL, J. ARNOLD. An approach to the paleoecology of mammals ... 327–337
LINDEBORG, ROBERT G. Water conservation in Perognathus and Peromyscus ... 338–339
BEARD, J. S. A note on gallery forests ... 339–340
LOVE, G. J., AND J. G. WHELCHEL. Photoperiodism and the development of *Aedes triseriatus* (Diptera: Culicidae) ... 340–342
EVANS, F. C., P. J. CLARK, AND R. H. BRAND. Estimation of the number of species present on a given area ... 342–343
LOWE, CHARLES H., JR. The eastern limit of the Sonoran Desert in the United States with additions to the known herpetofauna of New Mexico ... 343–345
JONES, J. JOHANNA, AND WILMA ZICKER. A spruce-fir stand in the northern peninsula of Michigan ... 345
NEEDHAM, JAMES G. Notes on a leaf-rolling caterpillar and on some of its associates ... 346–352
NELSON, THOMAS C. Chestnut replacement in the southern highlands ... 352–353
WOODBURY, ANGUS M. Ecology of the Great Salt Lake Desert. I. An annual cycle of the desert jackrabbit ... 353–356
NIERING, WILLIAM A., AND FRANK E. EGLER. A shrub community of *Viburnum lentago,* stable for twenty-five years ... 356–360
MARSHALL, NELSON. Measurements of plankton feeders in relation to gross production ... 360–362
SPARKES, CHARLES H., AND MURRAY F. BUELL. Microclimatological features of an old field and an oak-hickory forest in New Jersey ... 363–364
DAVIS, CHARLES C. Notes on the food of *Craspedacusta sowerbii* in Crystal Lake, Ravenna, Ohio ... 364–366
SCOTT, THOMAS G. Dietary patterns of red and gray foxes ... 366–367
FOSBERG, F. R. Ants and dermestids on a mountain top ... 367–368
CLARK, EDWIN C. Observations on the ecology of a polyhedrosis of the Great Basin tent caterpillar *Malacosoma fragilis* ... 373–376

PARKER, JOHNSON. Annual trends in cold hardiness of ponderosa pine and grand fir 377–380
MARSHALL, WILLIAM H., AND MURRAY F. BUELL. A study of the occurrence of amphibians in relation to a bog succession, Itasca State Park, Minnesota 381–387
VERBER, JAMES L. The climates of South Bass Island, western Lake Erie 388–400
GRANT, WILLIAM C., JR. Studies on moisture relationships in earthworms 400–407
TOMANEK, G. W., F. W. ALBERTSON, AND ANDREW RIEGEL. Natural revegetation on a field abandoned for thirty-three years in central Kansas 407–412
GRANT, WILLIAM C., JR. Temperature relationships in the megascolecid earthworm *Pheretima hupeiensis* 412–417
BRAMBLE, WILLIAM C., AND ROGER H. ASHLEY. Natural revegetation of spoil banks in central Pennsylvania 417–423
DAVIS, DAVID E. Population changes and roosting time of starlings 423–430
ANDERSON, YOKO O. Seasonal development in sun and shade leaves 430–439
EDMONDSON, W. T. The seasonal life history of Daphnia in an arctic lake 439–455
DAUBENMIRE, R. Xylem layers of trees as related to weather and altitude in the northern Rocky Mountains 456–463
CHEW, ROBERT M. The skin and respiratory water losses of *Peromyscus maniculatus sonoriensis* 463–467
MERGEN, FRANÇOIS, AND ROBERT M. MALCOLM. Effect of hemlock and red pine on physical and chemical properties of two soil types 468–473
STANLEY, JOHN, AND H. M. SLATIS. Studies from the autotrephon, III. A black mutation of *Tribolium confusum* compared with the normal reddish-brown strain 473–485
LINDSEY, ALTON A. Testing the line-strip method against full tallies in diverse forest types 485–495
SWANK, WENDELL G. Nesting and production of the mourning dove in Texas 495–505
NICOL, HUGH. The pH/pC concept 506–509
TURNOCK, W. J. A comparison of air temperature extremes in two tamarack sites 509–511
WHITWER, E. ELOISE. Efficiency of finely-divided vs. tape-like aquatic plant leaves 511–512
COE, WESLEY R. Ecology of the bean clam *Donax gouldi* on the coast of southern California 512–514
GORHAM, EVILLE. Vegetation and the alignment of environmental forces 514–515
CROWELL, SEARS, AND REZNEAT M. DARNELL. Occurrence and ecology of the hydroid *Bimeria franciscana* in Lake Pontchartrain, Louisiana 516–518
WENGER, KARL F. Light and mycorrhiza development 518–520
BRITT, N. WILSON. Hexagenia (Ephemeroptera) population recovery in western Lake Erie following the 1953 catastrophe 520–522
BROWN, ROBERT T., AND EUGENE P. YOUNG. Insect attacks on native and plantation pines in central Wisconsin 522–523
BRITT, N. WILSON. New methods of collecting bottom fauna from shoals or rubble bottoms of lakes and streams 524–525
NIELSEN, ERIK TETENS, AND JAMES S. HAEGER. A simple method for estimating low light intensities 525–526
BAILEY, REEVE M. Differential mortality from high temperature in a mixed population of fishes in southern Michigan 526–528
BENSON, NORMAN G. Observations on anchor ice in a Michigan trout stream 529–530
SLOBODKIN, L. BASIL. Conditions for population equilibrium 530–533
MACARTHUR, ROBERT. Fluctuations of animal populations, and a measure of community stability 533–536
STANLEY, JOHN, AND SALLY J. EVANS. Studies from the autotrephon, IV. Rearing mass cultures of Oryzaephilus 536–537

GRIFFITH, RUTH E. Analysis of phytoplankton yields in relation to certain physical and chemical factors of Lake Michigan 543–552
GUNNING, GERALD E., AND WILLIAM M. LEWIS. The fish population of a spring-fed swamp in the Mississippi bottoms of southern Illinois 552–558
CURTIS, J. T. A prairie continuum in Wisconsin 558–566
JACOBS, MERLE E. Studies on territorialism and sexual selection in dragonflies 566–586
LIVINGSTONE, D. A. Some pollen profiles from Arctic Alaska 587–600
GUNTER, GORDON. Mortality of oysters and abundance of certain associates as related to salinity 601–605
CHURCHILL, ETHAN D. Phytosociological and environmental characteristics of some plant communities in the Umiat region of Alaska 606–627
SOUTHWICK, CHARLES A. Regulatory mechanisms of house mouse populations: social behavior affecting litter survival 627–634
COPELAND, OTIS L., JR., AND ROBERT G. MCALPINE. The interrelations of littleleaf, site index, soil, and ground cover in Piedmont shortleaf pine stands 635–641
TAYLOR, W. E. ARNOULD, AND A. M. MALEWSKI. The factor of topographical cues in bird homing experiments 641-646
BUELL, MURRAY F., AND F. H. BORMANN. Deciduous forests of Ponemah Point, Red Lake Indian Reservation, Minnesota 646–658
BARNES, ROBERT D., AND BETTY MARTIN BARNES. The spider population of the abstract broomsedge community of the southeastern Piedmont 658–666
HELLMERS, H., J. S. HORTON, G. JUHREN, AND J. O'KEEFE. Root systems of some chaparral plants in southern California 667–678
GODFREY, GILLIAN K. (MRS. CROWCROFT). A field study of the activity of the mole (*Talpa europaea*) 678–685
EVANS, FRANCIS C., AND EILIF DAHL. The vegetational structure of an abandoned field in southeastern Michigan and its relation to environmental factors 685–706
TWENTE, JOHN W., JR. Some aspects of habitat selection and other behavior of cavern-dwelling bats 706–732
KEEVER, CATHERINE. *Heterotheca latifolia*, a new and aggressive exotic dominant in Piedmont old-field succession 732–739
ELGMORK, KARE. A resting stage without encystment in the life cycle of the freshwater copepod, *Cyclops strenuus strenuus* 739–743
DEBACH, PAUL, T. W. FISHER, AND JOHN LANDI. Some effects of meteorological factors on all stages of *Aphytis* "A," a parasite of the California red scale 743–753
GOLLEY, FRANK B., AND PAUL A. JOHNSGARD. Fall distribution of birds in a Palouse River canyon 754–755
ROBERTSON, JOSEPH H. Penetration of roots of tall wheatgrass in wet saline-alkali soil 755–757
ANDERSON, G. C., G. W. COMITA, AND VERNA ENGSTROM-HEG. A note on the phytoplankton-zooplankton relationships in two lakes in Washington 757–759
DAVEY, C. B., AND S. A. WILDE. Determination of the numbers of soil microorganisms by use of molecular membrane filters 760–761
FREY, DAVID G. A time revision of the Pleistocene pollen chronology of southeastern North Carolina 762–763
ELLIS, LESLIE L. Preliminary notes on the correlation between alkalinity and the distribution of some free-floating and submerged aquatic plants 763–764
FEDER, HOWARD W. On the methods used by the starfish *Pisaster ochraceus* in opening three types of bivalve molluscs 764–767
COTTAM, GRANT, AND JOHN T. CURTIS. Correction for various exclusion angles in the random pairs method 767
